Is it possible to support with documentation?

Suffered emotionally as a result of this crime? Participated in counseling or treatment? Are there ongoing or permanent emotional/mental health issues?

Suffered physically as a result of this crime? Are there ongoing or permanent physical/health issues?

If released, do you think the offender should be required to meet any special conditions? For example restitution, treatment or programs, no contact restrictions?

Are you opposed, unopposed, or have no comment?

Would you like to submit any additional comments either in a separate format or with the assistance of the Victim Assistance Coordinator?

Would you like to participate in the offender's clemency hearing when scheduled?
